## Valuemed Team Spotlight on Shelley Rong

### What drew you to this field, and how did you get started?

I always had a gift of gab and connecting with people. A friend of mine owned a dental supply company and thought it would be a good fit. I realized I really enjoyed the connection with offices and learning about dental products. Relationship building made dental sales the perfect fit for me.

### How do you stay current with new products & trends in the industry?

Working with Valuemed, we do a lot of training with our manufacturers staying up to date with the old and what's new. Staying current is essential in the dental industry.

### What's one thing you can't work without?

There is a couple of things I can't work without for sure, that is my great support team and head office, my phone, notebook, & pen.

### What's your favorite lunch spot or snack?

I don't really stop for lunch, I make a smoothie in the morning that has everything in it and it lasts me all day until dinnertime.

### What's a hidden talent you have?

One of my hidden talents would be gardening and creating beautiful outdoor spaces. I enjoy outdoor decorating and landscaping to help bring life, colour and personality to any home and garden.
