\* Free eGifter Choice card applies on order total of any products purchase with Valuemed, and includes Valuemed branded promotion items. Qualifying amount must be invoice subtotal before tax or any shipping charges. Orders must be placed between May 23-June 10, 2025 to qualify. Egift cards will be sent to email provided. Please allow 4-6 weeks for processing. Gift cards will be held for overdue accounts. Accounts must be paid in full to release gift card. Note: eGifter's Choice imposes a 6 month time limit on claiming gift cards. Make sure to claim your card of choice within that time, or it will be lost. Visit <https://www.egifter.com/en-ca/> for gift card selection.

# Rally™

Mini Polishers for Composite

EXCLUSIVE OFFER

**3+1**

Rally Polisher Refills

## Rally gets you to the finish line faster!

The composite finish line that is. With zero reprocessing and sterilization hassles and a lustrous diamond final gloss, Rally mini-polishers get you across the finish line and on to your next patient.

### Get to the point – Every time!

Single patient Rally means that you get a clean, fresh, properly shaped polisher every time.

### Mini, but mighty!

Rally's small size and tapered shaft create a truly agile polisher capable of reaching the smallest anatomical features without blocking your visibility.

### A clean get-a-way!

You don't want to leave a trail of crumbs or spattered polishing paste on the track. Rally's diamond impregnated high shine final polishers won't crumble during use and don't require paste to create a beautiful, durable shine.

### Give your mechanic the day off! (Maybe your assistant too!)

Rally is fully assembled – no little mandrels to lose track of, no discs to snap on, there's just nothing you need to mess with – including cleaning and sterilization.

**Remove - Blue**  
For fast removal & contouring

**Smooth - Red**  
For smoothing & silky shine

**Shine - Gray**  
For ultra high gloss

\*TO REDEEM: Qualifying purchases must be from authorized Kuraray Noritake Dental dealers. A list of authorized Kuraray Noritake Dental dealers can be found at kuraraydental.com. Please send a copy of your qualifying invoice by email to promotional.goods@kuraray.com. Remember to provide the promo code for the promotion you are applying for, as well as your promotional goods choice. If no selection is indicated, default promotion will apply. Promotional item must be the same value as the least expensive item purchased. Promotions cannot be combined with multiple dealers / invoices / other promotions. All qualifying products must be purchased on ONE SINGLE INVOICE. Promotional Goods offer subject to change. Invoice must be dated 5/26/25 - 6/6/25. Qualifying invoices must be received no later than 6/30/25. \*For CLEARFIL MAJESTY Promotions, please specify which Shade Refill and delivery system (Syringe or PLT) you prefer. If no choice is indicated, the promotional CLEARFIL MAJESTY selection will be at our discretion. No substitutions. Allow approximately 6-8 weeks for PROMOTION GOODS fulfillment. Specials are valid in US and CANADA only. Other restrictions may apply.

Participation is not permitted for customers who participate in any other pricing programs, including government, group practices, special markets, community health centers, schools, institutions, and discount customers. Receipt of free goods, after rebate, cannot be combined with other offers or promotions.

# omniCHROMA Flow BULK

One-Shade Bulk Fill Composite

## Every Shade. One Choice.

**OMNICHROMA FLOW BULK** is a one-shade bulk fill composite, capable of shade-matching any tooth color from A1 to D4. It is a low viscosity, light-cured material, which can be placed in 3.5mm increments. **OMNICHROMA FLOW BULK's** low polymerization shrinkage, compressive strength, high polishability, and cavity adaptation make it suitable for anterior and posterior restorations

## BUY 1 GET 1! LIMIT 3

## BioSonic US100R Ultrasonic Scaler

BioSonic magnetostrictive Ultrasonic Scaler System accommodates both 25 kHz or 30 kHz inserts.

The lower power range keeps patient's comfort in mind.

The ergonomic handpiece improves operator's comfort during extended scaling and the multi-directional foot pedal provides easy operation.

Small footprint minimizes counter space requirements.

BioSonic Inserts - variety of most popular tip designs in both 25 kHz and 30 kHz.

BUY 2, GET 1 FREE BUY 5, GET 3 FREE

Pola Office+ is a unique formulation that releases the active ingredients immediately to initiate the whitening treatment.

### FAST AND EFFECTIVE (24 MIN APPLICATION TIME)

Application time is 24 minutes (3 x 8 minute applications). Less chair time means increased patient comfort, satisfaction, improved productivity and profitability.

### SIMPLE DELIVERY

No mixing is required. The dual barrel syringe system mixes as you apply the gel directly to the tooth. The freshly activated gel maximizes the whitening effect.

### MAXIMUM COMFORT

The neutral pH of Pola Office+ ensures maximum comfort during and after treatment. The shorter treatment time also results in less patient discomfort.

### NO BLEACHING LIGHT REQUIRED

Pola Office+ can be used with or without a bleaching light.

### 3 Patient Kit

Includes: 3 x 2.8 mL syringes of Pola Office+, 3 x 1g gingival barrier syringes, & accessories

### RIVA PROTECT

There are many situations where you know protection of the surface is required: pit and fissure sealants, root / tooth surfaces, preventing hypersensitivity, temporary restorations and temporary endodontic sealing. You will often see carious situations you would like to remineralize. Riva Protect is your weapon.

### RIVA SILVER

When you need a tough and strong core build up material or occlusal restoration, Riva Silver could be your answer.

50 Capsules/Pkg

303-8670008

**2+2 NET \$269.49**

Reg. \$538.99

### RIVA LUTING

When deciding on a luting cement, there are many types to choose from. Use Riva Luting when you need an easy self curing mix, with high fluoride release, good radiopacity, and adhesion to metal and tooth surfaces.

### RIVA LUTING PLUS

Riva luting Plus is designed for final cementation of metal, PFM and resin crowns, bridges, inlays and onlays plus ceramic inlays and crowns. Riva Luting Plus chemically bonds to dentine, enamel and all types of core material.

## RADII-CAL CX

### COLLATED FOR A DEEPER, MORE RELIABLE CURE

Uncollimated LED curing lights deliver significantly less curing energy per depth of cure. The power of an uncollimated curing light quickly diminishes, offering very little curing energy for larger restorations.

The collimated beam of the Radium-Cal CX delivers curing uniformity across all curing depths. This ensures a fast and predictable cure for all restorations.

303-5600110

» What you are looking for is an optimally collimated beam. Think about a lighthouse, and the light coming out of the lighthouse. That is what you are looking for. You are looking for light that has a good output over distance.«

Professor Richard Price.

# RADII XPERT

## SMARTER DESIGN. OPTIMAL CURE EVERY TIME.

Radii Xpert's unique target assist technology enables you to correctly position the light and be confident of the angulation before curing. A light source must be held close and perpendicular to a restoration to avoid incomplete polymerization<sup>1</sup>. By activating the positioning light and releasing once over the tooth, you can be sure that curing only begins when the light is in position and restorations will receive a complete cure. Ensure you are on target every time with Radii Xpert.
