Pola Office+ is a unique formulation that releases the active ingredients immediately to initiate the whitening treatment.

FAST AND EFFECTIVE (24 MIN APPLICATION TIME)

Application time is 24 minutes (3 x 8 minute applications). Less chair time means increased patient comfort, satisfaction, improved productivity and profitability.

SIMPLE DELIVERY

No mixing is required. The dual barrel syringe system mixes as you apply the gel directly to the tooth. The freshly activated gel maximizes the whitening effect.

MAXIMUM COMFORT

The neutral pH of Pola Office+ ensures maximum comfort during and after treatment. The shorter treatment time also results in less patient discomfort.

NO BLEACHING LIGHT REQUIRED

Pola Office+ can be used with or without a bleaching light.
